First names:

[Continue to service](#) [Cancel](#)

Go back to id.lut –service by clicking here. Remember that this view might look like a little bit different between banks.

## Change Password

Your username is [redacted], your email address is [redacted]

By continuing to password change I accept the usage terms of Lappeenranta University of Technology digital identities. <https://uni.lut.fi/en/web/lut.fi-eng/it-rules>

I agree

You need to accept terms of digital identities. Click here to accept them. Finally click **Continue**.

New password accepted, please click change password

New Password

Strength: Strong 

Confirm Password

Try to get this indicator **Strong and green!**

Write your new password here and confirm it by re-entering it in the field below. When the passwords match, you can confirm the **password change**.

## Change Password

Your password is now changed for your login [redacted] (email [redacted]@student.lut.fi) and usable within minutes.

Please remember to update your password to all of your devices and programs. Especially older legacy systems tend to lock up user account before new password is entered. This lock up will clear automatically in a few minutes after you update the password to your devices.

When you are changed your password **wait** until you see this confirmation. Click **Continue** and your new password is ready.

Don't forget check your new password meet this requirements!
